COMPASSION UK

Green Harvest for years have been supporting Compassion UK, which is a charity that is very close to our hearts.

Worldwide, 356 million children live in extreme poverty, this robs children of their basic rights to learn, play and grow. Every child born into poverty faces a unique combination of challenges

We have been sponsoring 10 children and are looking to add more. We would like to extend this to everyone as it is a passion of the company and if anyone is interested, we will match what you do accordingly. The price to sponsor a compassion child is £28 per child per month.
